<p><b>Law and Justice Study Centre (LJSC)</b> 2022 (From July- Onwards)</p>	<p><b>Chief Coordinator</b> Law and Justice Study Centre (LJSC) is a platform, aimed at addressing several gaps in our learning framework in tertiary education, namely, focus on memorization, slide-based and exam-based study system rather than analytical, discursive and knowledge-producing mechanism. To overcome these gaps, we provide top-notch books on the topic of interest, chosen by us, then we encourage them to write articles based on the understanding of books and of their own perception of the issues raised. Later on, we edit, discuss and analyze these writings along with the goal to publish them in journals. Until now, we have given over 25 books to the students of Department of Law at University of Dhaka</p>
